HARDING TO HIT AT PRESIDENT'S FOREIGN POLICY

CLOSE ASSOCIATES EXPECT REPUBLICAN NOMINEE TO GIVE LEAGUE MUCH PROMINENCE.

WILL SQUARE PLATFORM

Believed He Will Make Declaration Which Will Successfully Bridge the Differences of Opinion That Threatened Split in the Party at Chicago.

By Associated Press.

MARION, O., July 21.—Senator Harding's speech of acceptance is expected by his close associates to give prominence to the foreign policy of President Wilson and the League of Nations in such a way to advance that campaign towards a equally joined issue between the two political parties.

Those who know the mind of the presidential nominee said of their confidence today that he would make a declaration squaring with the party platform and the party record and bringing successfully the Republican difference of opinion which threatened a split at Chicago.

The exact form of the declaration was not revealed but it was said authoritatively that it would follow the trend of the senator's recent statement on the subject and would be particularly militant in its opposition to the Wilson policies to which the Republican nominee regards the Democratic party and candidates as pledged unswervingly.

In addition to declaring unthinkable the acceptance of the league as the president fashioned it however the senator is expected to express in direct terms his belief that America should not remain isolated and take the position that the war's sacrifices will prove in vain unless there is established a new order with added security to peace and civilization.

It is a subject for speculation how far he will detail this position or to what extent he will clothe with practical suggestions the declaration of the Chicago platform for an international peace tribunal.

It is regarded as unlikely that the nominee will enter into a detailed discussion of the league covenant or will speak objectively of reservations or interpretations. He is expected rather to hold his utterances to the broad principles involved, bringing his argument to a plain for America rather than world ideas. He is believed certain to couple with this a declaration that the failure of the United States to accept Mr. Wilson's league will not be construed as alread an evasion of duty, but will be interpreted as arising from devotion to the integrity of the nation.

In preparation for the notification of the nomination tomorrow Senator Harding arranged to spend most of the day in rest and recreation. He had only a few callers on the day program which included among other things a long automobile ride and a golf game.

SENTIMENT AMONG RAILROAD MEN IS TO ACCEPT AWARD

First Three Prizes For Truckers Go to Miners; Women Figure in Lawn Awards.

Some, However, Decline Increase Granted is Not Up to Their Expectations.

NOW AWAIT REFERENDUM

The annual inspection of gardens and lawns was made at Connellsville yesterday by the Railway Labor Board in charge various committees among the employees of the railroad and gardeners Arthur Higginbotham, farmer, and T. G. Robinson, assistant county superintendent of schools and truck gardeners.

The prizes were awarded as follows:

First prize garden Paul Koneval Slovak house No. 1.

Second prize garden Paul Koneval Slovak house No. 2.

Third prize garden John W. Beck Slovak house No. 3.

First prize lawn Mrs. John Beck American house No. 2.

Second prize lawn Mrs. Mary York Slovak house No. 3.

Third prize lawn Mrs. Harry Beck Slovak house No. 1.

There were many garden and lawn deserving mention and the committee had a difficult task to choose the winners. Two hundred and twenty seven were entered of which 214 were in the state of cultivation. The committee placed a valuation of \$11,000 on the 214 gardens. This is remarkable when it is considered that much of the hard work of cultivating gardens was concentrated on a strip of land taken over by the H. C. Frick Coke company.

The plants and arrangements were studied by the committee who were in their pride of the existing sanitary conditions existing. Street alleys and playgrounds were clean and tidy and industry and attention to lawn and garden was impressive.

Indication from the committee is that the strip of land will be turned into a park and recreation center.

The outcome of this difficult but judiciously conducted competition will tell the story of the work done.

There was some difficulty in arriving at a winning prize because in

the strip of land there were many

various plots and the committee

had a hard time in making a

choice.

Sergeant Max J. Morello, leader of the winning team, is the pride of the strip of land.

The committee is to be congratulated for the results.

Poison Ivy—The Why and the How

"Look out for that poison ivy," is an oft-repeated cry these picnic days.

"To know the poison ivy is to avoid it; yet to admire it, for its sturdy self-defense," says a communication to the National Geographic Society.

"The poison ivy is a member of the sumac family, having as relatives the vinegar tree, the smooth sumac, and the smoke-bush. Its range reaches as far north as Nova Scotia, as far south as Florida and Texas, and as far west as Utah and British Columbia.

"Many people confuse the Virginia creeper with the rascally poison ivy, a confusion which nothing but carelessness in remembering the characteristics of plants could bring about; for the Virginia creeper is careful always to put forth five leaves where the poison ivy has only three.

"The Virginia creeper is condemned as being poison ivy oftener than poison ivy is accounted with being a Virginia creeper. Many a Virginia creeper has reached the unlucky end of mattock execution by the error, and not a few people have received a painful reminder of their mistake when they failed to observe that three leaves spell 'Ivy' in the ivy vine and five leaves 'friend.'

"The poison ivy, or poison oak, as some call it, is a prodigal climber, inclined to run over everything in sight. Even the oak sometimes is almost smothered, when the poison ivy reaches its topmost branches and spreads its dense foliage over them. It begins to blossom in May and June, its flowers being small, fragrant, yellowish green, and arranged in densely clustered spikes. Toward fall these develop into smooth, wax-like berries that often hold fast the winter through. The three leaves are shining green, short-stemmed, and oval-pointed.

"The poison of this ivy is a power-

ful, non-volatile oil which penetrates the pores of the human skin and develops hives of tiny itching-blisters, followed by a burning-swelling of the affected parts.

"While we very naturally dislike a plant that poisons us when we touch it, yet if we investigate the reason for its poison, we discover that a vast number of plants develop poison and near-poison, and when we look over the list we find that we would be rather hardy off without them. It is true that most of them are poisonous only when eaten, and that few are poisonous to the touch, but they have all developed these qualities in self-defense."

"Some of them store their poison in their seeds, others in their rootstocks, and others in their roots to protect their progeny from harm. They do not go about looking for trouble or seeking like the devil, whom they may destroy; but they are prepared to resist invasion of the rights of their children. Nux vomica and aconite are two of many such illustrations that might be cited.

"Others develop alkaloids, like the nicotine of tobacco, the quinine of the cinchona tree, and the theine of tea, to protect themselves. Strychnine, digitalis, and a hundred and one indispensable drugs that are poisonous in overdose are the gift of the plant world to man as a by-product of plant preparations for self-defense.

"And so, when the poison ivy learned to give off its poison by contact rather than through its own destruction, it simply went a step further than its neighbors. It has arranged its plans of defense, so that it can wage war without first being eaten. In that respect it meets the problem on the same way as the thistle and the thorn, although it fights by subtle stealth rather than open warfare."

At the Theatres

THE SONSON.

"FOOL'S GOLD"—A six reel production, featuring Mitchell Lewis and Florence Turner, is being shown today. Mitchell Lewis has developed into one of the best male stars in screendom. His work in Rex Beach's "The Barrier" will be remembered by theatre goers, and in all his subsequent plays he has increased his popularity by his excellent work. Mr. Lewis is also supported in "Fool's Gold," this fact together with the unexcelled scenery and photography, makes this special a picture that will play to crowded houses all week.

Larry Seamon is a two reel comedy, concludes the program. Thursday, Friday and Saturday "Frivolous Wives," featuring an all star cast, will be shown.

THE PARAMOUNT.

"THE PATH SHE CHOSE"—The quaint and winsome star, in the leading role, is being presented today. "The Path She Chose" is described as a page from modern life in a metropolitan city. It is the story of a young girl with a vision beyond her shabby environment, who follows the promptings of her better nature until she finds true happiness. The plot is an exposition of human nature, revealed in a straightforward, natural way, to which skilful direction has added surprising realism.

Anne Cornwall is a unique personality, quaint and winsome, with a style of acting that reflects individuality as well as intelligence. She makes the little waltz of the slums an appealing figure, and the audience watches her rise and develop with intense interest, mingled with sighs and smiles. The cast includes J. Farrell McDonald as the father, Claire Anderson as the sister, William Moran as the brother, Kathleen O'Connor and Dagmar Godownky as her friends in the millinery shop. Edward Coxen, who has the leading male role, Helen Wright, Virginia Fair and others equally capable.

MAY BE LITTLE CHANGE IN INDEPENDENT LINEUP FOR SATURDAY'S CLASH

An interest which seems to exceed that displayed last Saturday when the Homestead Grays played here is evident in the coming clash with Republic. The team from the southern end of the country, a claimant for the championship honors, has had many followers here and the coming of that team against this city's own representatives makes the game doubly interesting.

Connellsville is determined to win Herrod, who has never yet failed the locals, will be on the mound to fire the opening gun. He demonstrated his ability to mix them up when he allowed the Grays known throughout this part of the state as a hard hitting outfit only four hits in last week's contest.

There may be a little change in the Cokers' line up but not much. The team as it is presents a strong front and Haggerty's bunch will have the tide of their lives to win the battle.

BASEBALL CHIERS.
Baseball has certainly taken hold throughout Fayette county this season. If one would stop to count all the teams they would be amazed at the large number.

The officers of the Boy Scout troops of the city who have challenged the local Council to a game are still waiting for an acceptance of it.

The Connellsville Independents may bring the fast Whitney team here in the near future.

A daily reminder of Saturday's game is the banner which hangs at Bimstone's corner. When that banner comes down it will signal the demise of baseball in this city.

The Florence baseball team will play at Scottsdale tomorrow afternoon. On Saturday the Florence aggregation will play Mount Buddock. Some time in the near future the Florence Mines team plans to hold a game at the new grounds there to be followed by dancing and a festival in the park nearby.

The Leisenring No. 3 baseball outfit was trounced by Palmer at Leisenring last evening 8-4.

Betting odds being offered on Republic for Saturday's game are not going begging here.

CONFLUENCE WINS.
Confidence defeated Lintonburg in a game of baseball Friday evening the score ending 14-0. Homer and Dewey Rush each made a home run. During the game one of the Lintonburg players was injured about the face and side. The game went for four innings.

DUNBAR AT MORRELL.
The Dunbar Stars will play Morrell at that place Thursday evening of this week at 5 o'clock. The batteries for Dunbar will be Lee and Duncan. Teams wishing games with the Stars should call Tri-State phone 12 Dunbar.
